

United Kingdom

## Modern Apprenticeship Opportunities at LCUK Dunbar

### *The Company.....*

Lafarge Cement is the UK's largest cement manufacturer and supplies around 50 per cent of the market with the famous Blue Circle brand cements. We have manufacturing sites across the UK as well as across the globe with the Lafarge Group being the world leader in building materials.

The cement works in Dunbar is the only cement manufacturing operation in Scotland employing 150 people across a range of functions from Maintenance, Production, Optimisation, Quarrying and Logistics.

### *The Person.....*

We have an opportunity for a keen and enthusiastic team worker with a natural interest and aptitude for Engineering. Candidates will have achieved at least 5 Standard Grades at 3 or above (including Maths & English).

### *The Apprenticeship.....*

We are now looking for Electrical and Mechanical Apprentices to take on in Dunbar from this summer. For a number of years we have employed 1 apprentice from each of the above disciplines to work and study over a 4 year period to gain a full modern apprenticeship.

For our future tradesmen or engineers we offer four year Apprenticeships with the potential to acquire an SVQ qualification to level 2 and 3 and also an HNC in the Electrical or Mechanical Engineering dependant on discipline chosen. Successful candidates will receive a broad, interesting and challenging apprenticeship.

The closing date for applications will be 23<sup>rd</sup> May with interviews towards the end of May and beginning of June.

If you are interested please contact Will Butcher on 01368 861310 for an application form. Lafarge Cement UK, Dunbar Works, East Lothian, EH421SL.
